**One new 911 GT3...**

### One seriously exciting combination.

Be among the first in Australia to try out the new 911 GT3 in the place that all its energy and power was made for: the race circuit. Porsche Cars Australia has

secured a strictly limited number of places at Queensland Raceway so you can experience the breathtaking new 320 kW 911 GT3.

### The ultimate GT3 experience starts here.

This is a rare opportunity to experience the new 911 GT3 in a way it is simply impossible to do on normal roads. Guided by

professional Porsche driving instructors, you will really be able to experience first hand the maximum performance, superb

handling and dynamics in the safety of a closed road environment. You will learn a great deal about this magnificent car – and yourself.

### 5 star Accommodation.

Sitting pretty in the heart of the new look Brisbane City is the 5 star Stamford Hotel – the perfect location for the first day of your new 911

GT3 “In its Element Experience”. And a short 50km west of the hotel is the famous Queensland Raceway where your day begins.

The track is 3.12km long and 12 metres wide. The driving experience is serious and professional. The fun is extreme.
